

CHARTwell
RIVERPARK
retirement residence

making people's lives BETTER[®]

Combining continuum of **care services** with beautiful **natural surroundings** in Nepean.

PART OF OUR LOCAL COMMUNITY SINCE 1995

Chartwell Riverpark is a classic retirement community in Nepean offering independent supportive living and assisted living accommodations in a quaint, family-like atmosphere. Our engaging lifestyle is ideal for older adults seeking convenient services that adapt as your needs change—with personal support available as required—and make life fun and carefree.

Our stunning location make us a unique and peaceful place to live, as we enjoy views of the

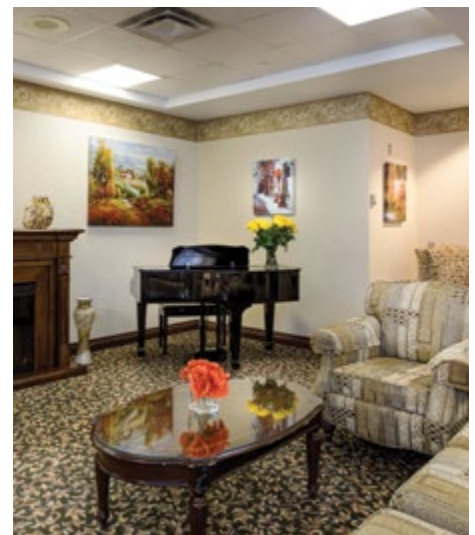

glistening waters of the Ottawa River and historic Gatineau Hills landscape. Across the street is Andrew Hayden Park, marked by its mature trees, bubbling creeks and waterfront walking paths. When you aren't taking in beautiful vistas or getting some exercise in the great outdoors, you can also take advantage of a variety of nearby services, including Bayshore shopping centre, sailing clubs, restaurants and movie theatres. We also enjoy easy access to the highway and are nearby Queensway Carleton Hospital.

OUR UNIQUE LIFESTYLE

Offering a variety of suite layouts, some with panoramic river views, our independent supportive living residents have the freedom and flexibility to choose the lifestyle that best reflects their needs and preferences. Delicious and nutritious meals served in our solarium dining room, housekeeping and 24-hour staff on-site come standard, not to mention the great selection of optional activities and outings we offer.

Meanwhile, our dedicated assisted living floors are specially designed to help seniors who need daily care assistance achieve a feeling of security, comfort and overall wellness each day. Personalized support plans that reflect individual needs are carried out by a team of caring and trained staff in the privacy of a suite and are designed to optimize quality of life. Care and wellness services offered to assisted living residents can include everything from medication management to nursing care to support with daily activities.
